CRTP Program

2019

Program Outline

&

Participation Requirements

of

The Program on Innovative Production Management by IT [TIPM]

(Carbon Reduction Technology Promotion Program)

2019

1. BACKGROUND OF THE PROGRAM:

The Association for Overseas Technical Cooperation and Sustainable Partnerships (AOTS) is an organization for human resources development mainly in overseas countries to promote technical cooperation through training, experts dispatch and other programs.

Through those programs, we aim at contributing to the mutual economic growth of developing countries and Japan as well as enhancing friendly relations between those countries.

AOTS was established in 1959 with the support of the Ministry of International Trade and Industry (which is the present Ministry of Economy, Trade and Industry: METI) as Japan's first technical cooperation organization on a private sector basis. More than 186,000 individuals from 171 countries have undergone our training in Japan, while the cumulative attendance at our overseas programs till the end of fiscal 2016 exceeded 199,000.

The Program on Innovative Production Management by IT (TIPM) is one of the management training courses conducted by the Association for Overseas Technical Cooperation and Sustainable Partnerships (AOTS) under the scheme of Carbon Reduction Technology Promotion (hereinafter abbreviated as CRTP) Programs. A management training course is being organized under this category with the purpose of allowing the participants to smoothen the path to carbon reduction within their organizations, through a better understanding of the significance of carbon reduction technology, and the study of administration and management techniques as well as concepts, all of which are necessary to promote related activities.

Open to all countries, towards low carbon society, this training program is designed for owners or directors of manufacturing companies to develop production management capabilities with IT/IoT techniques based on Japanese production management methods, which are suitable to their production sites.

2. COUNTRY:

All Countries and Regions

3. NUMBER OF PARTICIPANTS:

22 participants

4. PARTICIPATION REQUIREMENTS:

Participants should have the following qualifications.

- (1) Participants should be, in principle, owners, directors or senior managers in manufacturing companies. Staff/managers of public institutions and industrial organizations in a position of instructing about production management are also accepted.
- (2) Participants should be over 20 years old.
- (3) Participants should be university graduates and/or have equivalent professional experience.
- (4) Participants should have a sufficient working knowledge of English.
- (5) Participants should be healthy enough to undergo an intensive training program in Japan.
- (6) Participants should be residing in all countries and/or regions except for Japan.
- (7) Participants should not be students or armed forces personnel.
- (8) Former participants of AOTS training programs (ODA-funded programs and CRTP Programs) organized in Japan are not entitled to apply for any program which starts within six months (183 days) after they returned home.

Notes:

- (1) Participants shall attend all the events in the curriculum provided for each management training program.
- (2) Family members are not allowed to accompany participants on their journey in Japan.
- (3) Participants shall not request AOTS to arrange, nor arrange by themselves, any additional programs, and shall leave Japan and return to their home country soon after the completion of the program.
- (4) In the case of applications from other than Japanese-affiliated companies or local companies that hold local capital, the priority for selection may become lower.
- (5) Those who work in the national government (agency) or the local government (agency) are not eligible to participate in the AOTS management training programs, since the programs are mainly targeted at the people working in the companies/organizations in the private sector.

(6) The number of participants from the same host company in Japan or the same sending company from overseas may be limited if there are more applicants than AOTS can accept.

5. APPLICATION PROCEDURE:

The application procedures differ depending on whether an overseas company makes the application directly or a Japanese host company in Japan makes the application. Please see below for details.

5-1) Application from overseas countries

Individual applicants should ensure the delivery of the following application documents to the Management Training Administration Group of AOTS listed in Item 10, **no later than 5 September 2018.**

[Application Documents]

- (1) AOTS Training Application Form and Applicant's Personal Record (AOTS official form: Handwriting shall be avoided.)
- (2) Medical Check Sheet (AOTS official form: Handwriting shall be avoided.)
- (3) 2 copies of the applicant's photo (4 cm×3 cm) (Please write the applicant's name on the back.)
- (4) A brochure of the applicant's company/organization
- (5) Photocopy of the applicant's passport
 - *If the applicant doesn't possess a passport, an election card, a driver's license or a photo ID issued by a public organization in the home country containing his or her full name (written in Roman block letter) and date of birth should be submitted instead.
- (6) Pre-Training Reports
- (7) Overseas Travel Insurance Consent Form
- (8) About the handling of Personal Information Concerning Trainees (AOTS official form)

 *The applicant's signature is needed for authorization to proceed. In the absence of agreement, or failure of submission, course participation will not be granted.
- (9) About the Benefits of Management Training Program (AOTS official form)
 - *In principle, a representative of the applicant's employer shall fill in the questionnaires.
 - *The form is attached to the end of the outline.
- (10) Enquiry into Training Contract (For Japanese Joint-Venture-Companies and Companies exclusively funded by Japanese Enterprises)

Notes

- *A soft copy of the application documents will not be accepted.
- *AOTS may ask the applicants to submit additional documents other than above listed, if necessary.

The formats are readily downloadable at our website.

http://www.aots.jp/en/ikusei/application.html

5-2) Application from host companies in Japan

Please refer to below website (Japanese).

(http://www.aots.jp/jp/ikusei/management/proc01.html)

Host companies should ensure the delivery of application documents to the Training Administration Group of AOTS, the address of which appears in Item 10, **no later than 5 September 2018.**

[Screening Committee Meeting]

The application documents will be forwarded to the AOTS Screening Committee, which will meet on 4 October 2018, for official approval of participation. Those who have successfully passed the screening process will be notified when they receive the invitation documents.

Notes: If the number of participants is less than 11 as of 5 September 2018, AOTS may postpone or cancel this program.

6. OUTLINE OF THE PROGRAM:

- OBJECTIVES

The objective of the program is to enhance participants' production management capabilities with IT/IoT techniques based on Japanese production management method, towards low carbon society, which are suitable to their production sites.

- KEY BENEFIT

- (1) To understand various approaches adopted by Japanese manufacturing businesses towards low carbon society.
- (2) To deepen participants' understanding about the concept of Monozukuri in Japan.
- (3) To deepen participants' understanding about the production management with IT/IoT techniques.
- (4) To be able to make a concrete action plan about the possibility of adopting IT/IoT techniques at participants' production sites to enhance their production management capabilities.

- DURATION

31 October – 13 November 2018 (2 weeks)

- CONTENTS

Preparatory Step

Participants will prepare for their presentations on the final day by referring to the descriptions of the "Pretraining Report and Questionnaire 1, 2 (*e.g.*, your company's present situation, challenges, problems, and *Kaizen* numerical targets). Participants thus need to set numerical targets such as environmental burden, etc., and prepare to bring the data and other information used as the basis for such numerical targets, before coming to Japan.

First Step

Participants will overview the approaches taken by Japanese production companies to respond to the low carbon society. Then they will learn administration and management techniques that are based on the Japanese Monozukuri concept. They will also come to understand that the utilization of IT/IoT is based on existing administration and management techniques.

Second Step

Participants will overview the world trend related to IT/IoT utilization, as well as the meaning and future vision about the approaches to advanced production management by IT/IoT. Moreover, they can learn about various approaches to IT/IoT utilization through lectures and observations.

Third Step

Participants will clarify their companies' current situation and problems through the group discussion and will deepen their understanding of how to adjust IT/IoT techniques in their work place. Then, they will formulate a concrete action plan including how they should play their own roles and make a presentation on the final day.

A typical daily schedule consists of a 3-hour morning session and a 3-hour afternoon session. Some evening sessions may also be organized after dinner, as per necessary, dependent upon initiatives of participants of group.

Refer to the Tentative Schedule for further details.

- LANGUAGE

All lectures, discussions, company visits and exercises will be conducted in English or Japanese with translation into English. In principle, the program documents and training materials will be prepared in English.

-TRAINING LOCATION AND ACCOMMODATION

AOTS Kansai Kenshu Center (KKC) <may change in consideration of various factors>

http://www.aots.jp/en/center/about/kkc.html

7-5, Asaka 1-chome, Sumiyoshi-ku, Osaka, Osaka 558-0021 Tel: 81-6-6608-8260 (Reception) Fax: 81-6-6690-2678

Tentative Schedule

of

The Program on Innovative Production Management by IT [TIPM]

31 October - 13 November 2018

AOTS Kansai Kenshu Center

N	Morning Session	Afternoon Session			
(Arrival in Japan)					
Orientation / Opening Ceremony		LECTURE: The Low Carbon Society and How Japanese Companies Are Responding to It			
LECTURE: Japanese Way of Monozukuri -5S, Kaizen, Kanban System etc.		COMPANY VISIT: Case Example of 5S and Kaizen in a Japanese company			
-World Trend -Meaning and F	Production Management by IoT(1)				
Days off					
LECTURE: Production Management by IoT(2) -Kaizen at Production Sites by IT/IoT -Future Image of a Smart Factory by AI COMPANY VISIT: Case Example of IT/IoT Utilization					
LECTURE/CAS Case Example o	SE STUDY: f IT/IoT Utilization				
	COMPANY VISIT: Case Example of Iot Utilization/	Automation in a Japanese Company/Factory			
STUDY TOUR	COMPANY VISIT: Case Example of Iot Utilization/	Automation in a Japanese Company/Factory			
	COMPANY VISIT: Case Example of Iot Utilization/Automation in a Japanese Company/Factory				
Days off					
LECTURE: Business Optimization by IT/IoT -Improving Productivity and Efficiency of Office Work by IT tools		Group Work: Preparation for Final Report Presentation			
Final Report Pre	esentation	Final Report Presentation Closing Ceremony			
(Departure from Japan)					

Remarks:

- (1) The above schedule is subject to change due to the convenience of lecturers and cooperating companies, or for other unavoidable reasons.
- (2) Several group discussion sessions may be arranged in the evening.
- (3) Though Saturday and Sundays are days off in general, lectures may be scheduled if deemed necessary.

7. Arrival and Departure Dates:

Participants in principle are requested to arrive in Japan the day before the commencement of the training program and leave Japan the day after the final day of the program.

8. TRAINING COSTS (Application from overseas countries):

The training costs and the procedures for the settlement differ depending on whether an overseas company makes the application directly or a Japanese host company in Japan makes the application. The following is an explanation of the case of application directly from an overseas country. In the case of application from a Japanese host company in Japan, please contact the 'Training Administration Group' listed in 10. FURTHER INFORMATION.

8-1) Outline

AOTS training programs are financed by Japanese government subsidy from the Japanese Ministry of Economy, Trade and Industry (METI) together with the Participation Fee from the participants themselves.

The Training Costs will vary in accordance with the actual airfare and participants' staying days. Therefore, the Participation Fee will be finalized after their arrival in Japan by submitting the actual air ticket and the receipt. The international Travel Expenses have an upper limit called Standard Airfare Limits, which depend on the country and the region as shown in Table 2.

The Estimate of the Participation Fee is shown in Tables 1.

*There is NO difference between "Developing Countries" and "Least Developed Countries in accordance with the DAC (Development Assistance Committee) list for CRTP Programs. Therefore, only one Estimate of the Participation Fee is listed here.

Participants will be requested to pay the Participation Fee in Japanese Yen in cash to AOTS after their arrival in Japan.

*Please note that the subsidy from the Japanese government will be applicable from the day before the commencement of the training program to the final day of the training program in principle.

8-2) Breakdown

The Training Costs are the total amount of expenses to invite a participant to a training program in Japan. It is the sum of 1. Allowance Costs, 2. Course Implementation Costs, and 3. Domestic Travel Allowance. The Participation Fee, the amount that participants should bear, consists of Contribution to Allowance Costs and Contribution to Course Implementation Costs.

1. Allowance Cost

Allowance cost is composed of the following items.

The Contribution to Allowance Costs for the participants is 1/3 of the Allowance Costs.

*There is NO difference between "Developing Countries" and "Least Developed Countries in accordance with the DAC (Development Assistance Committee) list for CRTP Programs. The Contribution to Allowance Costs is 1/3 of the Allowance Costs regardless of the participant's country of residence.

(1) International Travel Expenses

- The subsidy from the Japanese government will cover the actual airfare up to the Standard Airfare Limits (the AOTS's Standard Airfare Limits for FY2018 is shown in Table 2.). International travel expenses are provided if an air ticket and its receipt satisfy the required conditions; they are not

provided if the conditions are not satisfied or the participant is travelling on a free ticket.

- Participants should purchase their own round-trip air tickets. Please refer to "Guidelines for Purchase of Air Tickets by the Participant" for the arrangement and the method of reimbursement for details.
- A participant is not allowed to overstay at city(ies) of a third country between participant home country and Japan for any reasons other than flight convenience. In such a case, AOTS might not reimburse the International Travel Expenses to the participant.

(2) Accommodation and Meal Allowance

At the AOTS Kenshu Center

- During the training period, participants will be accommodated at an AOTS Kenshu Center. AOTS will provide a participant with accommodation in a single room to the value of \mathbb{\xi}8,850 per day with meals (lunch, dinner and breakfast), while the participant stays at an AOTS Kenshu Center.
- For the arrival day, AOTS will provide a participant with accommodation to the value of \(\frac{\frac{1}}{8},030 \) per day with dinner and breakfast at an AOTS Kenshu Center.
- Please note that AOTS Kenshu Center canteens are closed on Sundays. The participant will receive ¥2,570 in cash per day for meals to cover the day of closure.

During the study tour

-When a study tour is implemented during the training program, a participant will be provided with accommodation to the value of \(\xi\)10,080 (the upper limit) per day, but the meal allowance (\(\xi\)2,570 per day) will be paid in cash by AOTS.

(3) Personal Allowance

- AOTS will pay ¥1,020 per day in cash to a participant.

2. Course Implementation Costs

Course Implementation Costs, which is the cost to carry out a 2-week AOTS Management Training Program, is \(\frac{\pmax}{3}68,000\) and the Contribution to Course Implementation Costs (the amount participants should bear) is \(\frac{\pmax}{1}45,000\).

3. Domestic Travel Allowance

- Expenses for a part of transportation fee between international airport in Japan and AOTS KenshuCenter
- AOTS will pay ¥1,780 in cash to a participant for the cost of travel between Kansai International Airport (Osaka) and AOTS Kansai Kenshu Center (KKC).

Contribution to AOTS's Administration Cost

AOTS would like to ask the participants to support us by giving us \\$30,000 per participant as Contribution to AOTS's Administration Cost.

This contribution is not obligatory, however, it would be highly appreciated if you could understand the purpose of the contribution and give us the above amount of money in addition to the Participation Fee.

[Table 1] Estimate of the Fees and Costs

Country: Bangladesh

International Travel Expenses: Dhaka - Kansai /Japan, Roundtrip

Management Training Course: 2 -week Course

(Japanese Yen)

			, 1
Training Costs	Total Amount	Japanese government Subsidy	Participation Fee
1. Allowance Costs	275,530	183,686	91,844
<breakdown allowance="" cost="" of=""></breakdown>	<breakdown></breakdown>	[2/3]	[1/3]
(1) International Travel Expenses	120,700		
(2) Accommodation and Meal Allowances			
a. [at the AOTS KenshuCenter]			
@ 8,030 x 1 day (Arrival Day) =	8,030		
@ 8,850 x 12 days =	106,200		
[during the st udy tour]			
b. Meal Allowance			
@ $2,570 \times 2 \text{ day(s)} =$	5,140		
c. Accommodation Allowance			
@ $10,080 \times 2 \text{ day(s)} =$	20,160		
(3) Personal Allowance			
@ 1,020 x 15 days =	15,300		
2. Course Implementation Costs	368,000	223,000	145,000
3. Domestic Travel Allowance	1,780	1,780	•
(Kansai Airport - KKC)			
Total	645,310	408,466	236,844

^{*} The maximum amount of airfare claimable to subsidize the air ticket's purchase. The air ticket should be purchased by the participant. AOTS will subsidize the amount in accordance with its rules & regulations.

* International travel expenses subsidy will be provided if the air ticket and its receipt satisfy the required condit ions; they are not provided if the conditions are not satisfied or the participant is travelling on a free ticket.

In the event that the international travel expenses subsidy will not be provided, the amount of 1.-(1) in the above figure will be zero and therefore, the "Allowance Costs" and "Total Cost" will change accordingly.

^{* :} those amounts highlighted in grey will be paid in kind. [1.-(2)-a. /1.-(2)-c.]

^{*} those amounts highlighted in yellow will be paid in cash to participants by AOTS [1.-(1)/1.-(2)-b./1.-(3)/3.]

Guidelines for Purchase of Air Tickets by the Participant

1. Arrival and Departure Dates:

Arriving in Japan on the day before the commencement of the program and departing on the day after the closing day of the program or the nearest days to be allowed by the flight schedule within two days before and/or after the program.

2. Method of Reimbursement:

During the training program in Japan, participants should present to AOTS their air tickets and submit official receipts of air ticket purchase for reimbursement. The sum of the following items (1) and (2) will be subsidized. In principle, an economy class air ticket purchased for a round-trip on the standard route according to the criteria of the International Air Transport Association (IATA) is defined as the standard airfare to be covered.

- (1) Actual round-trip airfare within the Standard Airfare Limits (the limits of AOTS's standard round-trip airfare amount) specified for the respective area (country).
- (2) The departure tax, airport tax and other taxes indispensable to the usual flight route defined by IATA subject to the submission of evidence.

[NOTE] A participant is not allowed to overstay at city(ies) of a third country between participant's home country and Japan by any reasons other than flight convenience. In such case, AOTS might not reimburse the International Travel Expenses to the participant.

3. Official Receipts:

AOTS will confirm the air ticket and official receipt and calculate the actual yen value of the air ticket with the exchange rate on the date of the ticket's issue.

- (1) AOTS can only accept the official receipts duly issued by the issuer in which a breakdown of the total airfare is explicitly described, such as airfare, tax (the departure tax, airport tax and other taxes indispensable to the usual flight route defined by IATA) and commission. It should also contain the name of the issuer's representative, address, telephone number and facsimile number.
- (2) Neither Invoice nor Calculation Sheet will be accepted as the receipt. However, an Invoice/Calculation Sheet using the letter-head of the air ticket issuer stating the word "Received" or "Paid" and including the signature of the air ticket issuer may be accepted.
- * If any participant fails to submit the official receipt duly issued by the relevant airline company or travel agent, the participant will not receive any subsidy towards his/her airfare and will be required to pay the full amount of the Participation Fee in cash to AOTS.

Visa Acquisition Procedures:

1. Status of Residence:

The status required for your training in Japan is "Trainee."

2. Visa Acquisition:

A participant shall apply for and obtain a "Trainee" visa at a Japanese embassy or general consulate (hereinafter: diplomatic mission) with materials issued by AOTS such as a Guarantee Letter. It may be the case that the submitted materials are forwarded to the Consular Affairs Bureau (Tokyo) for checking.

3. Notes:

A bearer of a visa other than "Trainee" visa, *e.g.*, a "temporary visitor" visa, a "multiple" visa, or an APEC business travel card (ABTC), or a citizen from a country/area participating in a visa waiver program with Japan must confirm with the local Japanese diplomatic mission prior to visa application if the existing visa is in accordance with the qualification of stay in Japan for the AOTS management training program.

9. HANDLING OF PERSONALLY IDENTIFIABLE INFORMATION:

AOTS handles personally identifiable information we have obtained from the applicant as follows:

(1) Administrator of Personally Identifiable Information: General Manager, General Affairs & Planning Department,

The Association for Overseas Technical Cooperation and Sustainable Partnerships (AOTS) Group in charge: General Affairs Group, General Affairs & Planning Department, AOTS

Tel: 81-3-3888-8211 E-mail: kojinjoho-cj@aots.jp

(2) Use of Personally Identifiable Information

Personally identifiable information provided by the participant will only be used for the screening of the participants and the implementation of the training program. It will not be used for any other purposes or beyond the scope required by laws and regulations of Japan.

For AOTS's privacy policy, please visit below website. http://www.aots.jp/en/policy/privacy.html

PRE-TRAINING REPORT

The Program on Innovative Production Management by IT [TIPM]

The form of "Pre-Training Report" for this training program is composed of the following three documents: Pre-Training Report itself and Questionnaires 1 & 2.

These documents will be used as a reference material in 1) the screening process of applicants and 2) the group discussion and the presentation to be held during the program by sharing with lecturers and other participants. Therefore, the <u>applicant is requested to fill in all of the items clearly and concretely.</u>

*AOTS will not use this information for any other purposes other than an AOTS training program.

The report form is available here in an MS-Word format.

(http://www.aots.jp/jp/ikusei/management/files/18tipm-e.doc)

Note: Please fill in the following items by using a personal computer or similar equipment in English. <u>Handwriting should be avoided.</u>

1. Your name	
2. Your country	
3. Name of your company/ organization	
4. Outline of your organization	
(preferably attach an	
organization brochure)	
5. Your position and name of	
your department/division	
(preferably attach an	
organizational chart, indicating your position)	
,	
6. Your duties in detail	
	1

7. Management policy and	
management philosophy of	
your company	
your company	
8. Present situation of	
production management in	
your organization	
9. Most critical managerial	
problems related to	
production management	
you are now facing,	
indicating their causes	
from your viewpoint	
10. Possible measures to	
solve such problems	
together with limitation	
factors	

11.Present situation or future	
plan of IT utilization in	
your company /	
Organization (If any)	
12.Your expectations of the	
program in relation to the	
described problems	

Name		

Questionnaire 1

♦ Current situation about data utilization for IoT Utilization in your work.

Please indicate the level of your current situation by checking the appropriate boxes.

- **a:** You have already applied it in your work.
- **b:** You have a plan to apply in your work.
- **c:** You don't have any plan to apply it in your work.

*The following questionnaire is not used as a criterion for the selection of participants but to adjust the program to the knowledge of participants.

Item		a	b	c
1	Collecting and accumulating the data			
2	Analyzing the data			
3	Analyzing the data for perspective of business performance, inventory management etc.			
4	Utilizing the result of the data analyzed for work efficiency such us quick approach and operation			
5	Utilizing the result of the data analyzed for enhancing the additional value

Questionnaire 2Observed Data and Numerical Targets for *Kaizen* at the Production Site

When filling out this form, the course participant should consider the possibility of achieving the targets set at his or her company by applying what s/he will have learnt through this training course. Failure to fill out all required information below is likely to undermine the prospect of training success.

1	What has been done toward	
1		
	realizing energy conservation at	
	the company and/or departmental	
	levels?	
	NOTE: If there has been no action	
	taken, please write this fact. Then,	
	add something you want to take	
	on for the future, and fill out the	
	following sections.	
2	What types of measuring tools	
	have you used to identify the	
	results of the aforesaid actions	
	(e.g., failure rates, waste quantity,	
	utilization rates, labor	
	productivity per person, and tact	
	time)? Specify all of them if there	
	is more than one.	
	is more than one.	
3	What are the current values	
3	expressed in the measuring tools?	
	expressed in the measuring tools.	

4	What are the target values that are expressed in the measuring tools, and need to be achieved by applying the content to be studied during this training program? NOTE: The target values should be practical.				
5	What are the current values, and the target values that need to be achieved after returning home, as to your choice of either A or B (right)? No need to fill in both A and B.	Choose A or B	Current Values		Target Values
		A: Yearly power consumption of the whole of your factory	(kWh/year)	\uparrow	(kWh/year)
	NOTE: If your department is INDIRECTLY involved in manufacturing, write about the whole of your factory. The target values should be practical.	B: Yearly power consumption of a process at your manufacturing department (or factory)	(kWh/year)	*	(kWh/year)
		NOTE: If you choose B, write about the process you referred to, in the right column.			

2W English (CRTP Program)

About the Benefits of Management Training Program

Concerning the benefits of the management training program, please answer the following questions. Your individual answers will remain confidential.

The report form is available here in an MS-Word format (http://www.aots.jp/jp/teitanso/training/doc01.html)
